

CLLOUD SERVICES

The Software AG entity referred to below is the holder of distribution and/or exploitation rights relating to the cloud services set out in this Cloud Services Description (together hereinafter referred to as “**the Cloud Services**”). The access and use by the Customer of the Cloud Services is governed by the terms and conditions set out in the Trial Cloud Services Click-Wrap Agreement to which this Cloud Services Description is attached. In the event of any conflict the terms and conditions set out below in this Cloud Services Description shall prevail over those set out in the Trial Cloud Services Click-Wrap Agreement.

Cloud Services Offer Description

webMethods.io Integration is a Software AG Cloud-hosted Integration Platform-as-a-Service (iPaaS) product. webMethods Integration enables you to automate tasks by connecting apps and services.

webMethods.io B2B is a Software AG Cloud-hosted Software-as-a-Service (SaaS) product. webMethods B2B enables enterprises to define communication channels with trading partners in order to exchange business documents electronically.

webMethods.io API is a Software AG Cloud-hosted API Management-as-a-Service (MaaS) platform. webMethods API enables you to securely manage and expose APIs to your developer and partner community.

Exit Terms	<p>Access to the Cloud Services will be removed upon expiry of the Trial Term or Cloud Services Term. Within 30 days after termination or expiration of the Cloud Services Term (the “Exit Period”), and upon Customer request, Software AG will provide a final backup of the Customer Data. Customers using the Cloud Services on a trial basis will not have access to the Customer Data at the end of the Trial Term. After the Exit Period, Software AG will delete the Customer's environment/tenant, dedicated virtual servers and Customer Data in accordance with industry standard practices.</p>
